📍 Rewa, Madhya Pradesh   in Pushpraj Patel

○ Pushpraj15295   ↖ Portfolio

Tech Virtuoso with a year of mastery in full-stack web development. Skilled in crafting robust and user-friendly web applications. A team player with a knack for problem-solving and adapting to new technologies, eager to contribute skills and drive to a dynamic development team.

💼 PROFESSIONAL EXPERIENCE

Frontend Developer,
Honeysys IT Service Pvt Ltd ↗

01/2023 – present | Bangalore, India

- Transformed a monolithic architecture into a **micro-frontend**, slashing development time by **45%**, elevating developer productivity by **20%**, and streamlining code maintenance by **40%**.
- Implemented efficient **indexing mechanisms** in reducers, achieving **O(1)** from **O(n2)** data retrieval and delivering substantial performance improvements.
- Incorporated **atomic architecture** into an e-commerce platform, resulting in a **20%** improvement in code maintainability and a **10%** speed boost using the React-based framework **NEXTJS**.
- Engineered LivingFood and Honebi on the **React** single-page framework, optimizing **60%** of the allocated **time**. Emphasized enhanced code reusability, particularly in **CSS** and components.

🎓 EDUCATION

Full Stack Web Development Course, Masai School
02/2022 – 12/2022 | Bengaluru

Bachelor of Science [B.sc],
Bhoj University Bhopal

06/2013 – 11/2015 | Bhopal

✒ INTERESTS

Passionate about exploring and adopting new technologies; eager to learn and master emerging technologies such as Flutter for app development.
